An Apology.

We apologize to our readers for the publication of the s u b j o i n e d communication. That it will amuse some of them we have no doubt. The writer certainly shows himself open to the well-directed attack of cur friend, "Orbsten," in his thoughtless and silly reply! All public officers should expect the criticism of the public. Their reply to this criticism, when exercised, should be in explanation of themselves, and not in this syllabub malevolence all around Our correspondent, "OLDSTER," will doubtless take care of himself next week. We have no doubt that the jury in this "Court of Justice" are intelligent men, and honest, but what, pray, have they got to do with the Trial Justica Jun formi

And now to another point. Mr. Pohl in his letter asserts in substance that there are Trial Justices who have swindled the County. As a public journalist we demand proof of this assertion. If anybody has been playing a cheating game towards the State or County, in the capacity of Trial Justice, the public has a right to know who they are, and demand proof for conviction. And now as Mr. Pohl is a sworn officer of the State, and consequently bound by said eath or obligation to protect her rights, and more especially those of the County in which he holds his appointment, it is his highest and most imperative duty to bring these parties, who have been playing a double game in the role of the Triel Justice, to condign and merited punishment. The assertion is made in so many words that somebody's course would not stand the test of the square; and as the ones probandi rests upon Mr Pohl's shoulders, the public, to whon: he has voluntarily given the intelligence. will certainly have a very curious opinion of him, unless he assists them in having these swindlers brought to the pro per place. If it is at all probable that a Trial Justice who has only held his position for a few months, could have had the State indebted to him in the pretty little sum of "several thousand dollars," by "turning things to account," it is highly necessary that a rigid examination should speedily take place in this

May 29th, 1871. Mr Editor Permit me through your columns to reply to a communication signed Oldster, which appeared in your issue of the 20th inst. I shall endeavor to be very brief, by making a short cut, knowing if made in the right place, it

will prove just as fatal. Now sir to the point; I will not consume time with this fellow, by discussing the Court of Sancho Panza, for that is a subject of too much magnitude for his brain, that bluds if he eyer had any, which is very doubtful, but for the stake of argument, let us admit that he had sum, is it then old not probable that he lost what little he had at the various bars. where he says men go to settle cases, It is very evident Mr Editor that it was this cause which made my Court appear so very movel to his sense of justice, hence I am not surprised at his impertinence, being equal to his veracity. I shall therefore content myself by branding him an ass. and leave him for a while, in order to lay before the public, the very cases he refers to, commencing first with the case The State Vs. Nelson Smothers: Nelson Smothers is a genteel colored man

renteel woman of color entered suit in my office against him, for an Assault and Battery, there being other business in the office at the time, her case had to be necessarilly deferred - for two days, and then was tried on the eighth day of May commencing at 7 o'clock Pm. E. Mikell Carroll Esqr appearing for the defence, I would say here for this gentleman, that while he is alive to the duties of his profession, he is only resident, and not a native of these parts, and is unlike many of the new made fledgelings of the Law, who have yet to learn something of legal etiquette, and that Shakespeare done up in bombast, before a ury, is not law practice: However Mr Editor pardon me if I have digressed from the subject; I will state, that the defendant called for a jury, they were summoned, all being colored excepting Mr A. Loryen, who is an intelligent gentleman, and a Merchant of good standing in the place He acted as foreman. After the case had been heard before the Court, and the jury charged, they went to the jury room, and failed after being out, to agree. I his jury was thereupou discharged and the case carried before another jury the following evening at the same hour. This jury I will particularly state, was selected from the most intelligent class of our citizens and numbered four white, and two colored, Their names were as follows .- Messrs J. W. Fairey, Ewd Carroll, L. C. Riggs, S. S. Turner, all white, the two colored were, lars at a future day. Thomas Murphy, and Gabriel Fairey After retiring they held the case under consideration for possibly two hours, and then found the Defendant, "Not Guilty," whereupon the Prisoner was discharged Now sir take up the other case, which is as follows there came into my office a colored woman who said she wanted to prosecute a colored man, for repeatedly passing through her farm, He lives about two miles from this place I sent for him the next day, he came and so did she, I gave them a preliminary investigation, the papers were partly arranged for the | 1871, at 12 o'clock M. case, when it suddenly comes to light. that she is half sister, or some other relation of his they looked smilingly at each other, and proposed to pay Two Dollars, half of which was paid, and they then departed better-friends than ever. This Oldster in his attempted burlesque of my Court, or in other words the Court of Branchville, would try to make it appear, that injustice was practised, does there seem to be any of it here; had I not the power in this case, of turning it to some account provided I had followed the illustrious example of some who have been deprived of like offices to the one I hold, by making this poor, ignorant, trespasser, suffer for a time in jail, in order to swindle the State out of an amount largely in excess of the Two Dollars, agreed upon by the parties themselves. Now I claim that I do
